How To Fold a Two Point Pocket Square

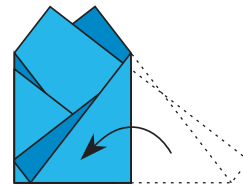

- 1** Lay your pocket square flat with one corner facing up and one corner facing down.

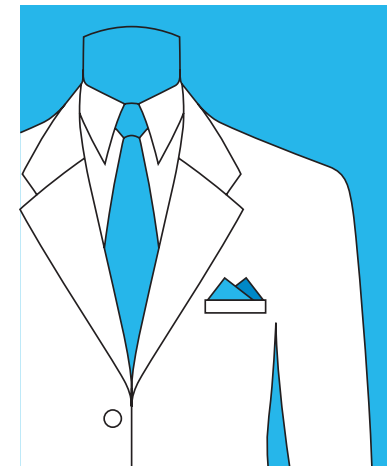

- 2** Fold the pocket square up and a little to the left of the top corner to create the two points.

- 3** Visually divide the pocket square in thirds, then fold the left third in and over the rest of the pocket square.

- 4** Now fold the right third in and over the rest of the pocket square.

- 5** Holding the pocket square firmly, insert it into your jacket pocket and adjust its position.
